

Ariva Car Wash

Just kidding! Want a more economical alternative to plastic for short-term outdoor signage?

Poly Tuff

Poly Tuff Board 02S
Gloss/Matte 6-ply (0.024)

| 48 x 96 | 250 sheets per pallet
| 28 x 44 | 200 sheets per pallet

Tailor Made

Poly Tuff is available in custom sizes to suit any requirement.

Paper Based

Save money versus Polystyrene or even Polypropylene.

Multi Purpose

Perfect for political posters, real estate signs, transit signs, frozen food and produce signage, roadside 'A' frame signs

An SBS board with extruded polyethylene on both sides so it's perfect outdoors or in high moisture areas. Like convenience store or gas station advertising. Poly Tuff is not sealed on the edges so it is not 100% impervious to the elements. Edge protection is recommended to maximize life-expectancy and testing is always recommended.
