

CARTON SEALING TAPES

At Ariva® we understand the needs of today's dynamic and changing fulfillment environment. That's why we are pleased to offer IPG® Carton Sealing Tapes to help cover your entire organizations fulfillment taping needs.

IPG'S CARTON SEALING TAPE

IPG's hot melt carton sealing tape is designed specifically for optimal closure of highly recycled corrugate, including 100% recycled boxes! IPG's adhesive formulation also successfully seals boxes in wider ranges of temperature and humidity than traditional hot melt carton sealing tape products. This helps guarantee superior quality in your sealing solutions, and greater protection for your products.

With IPG's carton sealing tape you can expect

- Excellent processing performance (manual or automatic)
- Superior adhesion
- Holding force
- Tensile strength
- Easy unwind
- Reliable seal
